

(b)(1) In accordance with section 18(e), final approval relinquishes Federal OSHA authority only with regard to occupational safety and health issues covered by the Kentucky plan. OSHA retains full authority over issues which are not subject to State enforcement under the plan. Thus, Federal OSHA retains its authority relative to safety and health in private sector maritime activities and will continue to enforce all provisions of the Act, rules or orders, and all Federal standards, current or future, specifically directed to maritime employment (29 CFR Part 1915, shipyard employment; Part 1917, marine terminals; Part 1918, longshoring; Part 1919, gear certification) as well as provisions of general industry and construction standards (29 CFR Parts 1910 and 1926) appropriate to hazards found in these employments; employment at Tennessee Valley Authority facilities and on all military bases, as well as any other properties ceded to the U.S. Government. Federal jurisdiction is retained and exercised by the Employment Standards Administration, U.S. Department of Labor, (Secretary's Order 5-96, dated December 27, 1996) with respect to the field sanitation standard, 29 CFR 1928.110, and the enforcement of the temporary labor camps standard, 29 CFR 1910.142, in agriculture, as described in § 1952.234(b). Federal jurisdiction is also retained with respect to Federal government employers and employees; and the U.S. Postal Service (USPS), including USPS employees, and contract employees and contractor-operated facilities engaged in USPS mail operations.

(2) In addition, any hazard, industry, geographical area, operation or facility over which the State is unable to effectively exercise jurisdiction for reasons not related to the required performance or structure of the plan shall be deemed to be an issue not covered by the finally approved plan, and shall be subject to Federal enforcement. Where enforcement jurisdiction is shared between Federal and State authorities for a particular area, project, or facility, in the interest of administrative practicability, Federal jurisdiction may be assumed over the entire project or facility. In either of the two aforementioned circumstances, Federal en-

forcement may be exercised immediately upon agreement between Federal and State OSHA.

(c) Federal authority under provisions of the Act not listed in section 18(e) is unaffected by final approval of the plan. Thus, for example, the Assistant Secretary retains his authority under section 11(c) of the Act with regard to complaints alleging discrimination against employees because of the exercise of any right afforded to the employee by the Act, although such complaints may be referred to the State for investigation. The Assistant Secretary also retains his authority under section 6 of the Act to promulgate, modify or revoke occupational safety and health standards which address the working conditions of all employees, including those in States which have received an affirmative 18(e) determination, although such standards may not be Federally applied. In the event that the State's 18(e) status is subsequently withdrawn and Federal authority reinstated, all Federal standards, including any standards promulgated or modified during the 18(e) period, would be Federally enforceable in that State.

(d) As required by section 18(f) of the Act, OSHA will continue to monitor the operations of the Kentucky State program to assure that the provisions of the State plan are substantially complied with and that the program remains at least as effective as the Federal program. Failure by the State to comply with its obligations may result in the revocation of the final determination under section 18(e), resumption of Federal enforcement, and/or proceedings for withdrawal of plan approval.

§ 1952.236 Where the plan may be inspected.

A copy of the principal documents comprising the plan may be inspected and copied during normal business hours at the following locations:

§ 1952.237

Office of State Programs, Occupational Safety and Health Administration, U.S. Department of Labor, 200 Constitution Avenue NW, Room N3700, Washington, DC 20210;

Office of the Regional Administrator, Occupational Safety and Health Administration, U.S. Department of Labor, Atlanta Federal Center, 61 Forsyth Street, SW., Room 6T50, Atlanta, Georgia 30303; and

Office of the Secretary, Kentucky Labor Cabinet, 1047 U.S. Highway 127 South, Suite 4, Frankfort, Kentucky 40601.

[65 FR 36625, June 9, 2000]

§ 1952.237 Changes to approved plans.

(a) *Legislation.* (1) On March 29, 1994, the Assistant Secretary approved Kentucky's revised statutory penalty levels which are the same as the revised Federal penalty levels contained in section 17 of the Act as amended on November 5, 1990.

(2) [Reserved]

(b) *The Voluntary Protection Program.* On October 24, 1996, the Assistant Secretary approved Kentucky's plan supplement, which is generally identical to the Federal Voluntary Protection Program, with the exception that the State's VPP is limited to the "Star" level participation for general industry firms.

(c) *Temporary labor camps/field sanitation.* Effective February 3, 1997, the Assistant Secretary approved Kentucky's plan amendment, dated July 29, 1996, relinquishing coverage for the issues of field sanitation (29 CFR 1928.110) and temporary labor camps (29 CFR 1910.142) in agriculture (except for agricultural temporary labor camps associated with egg, poultry or red meat production, or the post-harvest processing of agricultural or horticultural commodities.) The Employment Standards Administration, U.S. Department of Labor, has assumed responsibility for enforcement of these Federal OSHA standards in agriculture in Kentucky pursuant to Secretary of Labor's Order 5-96, dated December 27, 1996.

[59 FR 14556, Mar. 29, 1994, as amended at 61 FR 55099, Oct. 24, 1996; 62 FR 2563, Jan. 17, 1997]

29 CFR Ch. XVII (7-1-06 Edition)

Subpart R—Alaska

§ 1952.240 Description of the plan as initially approved.

(a) The Department of Labor is the State agency designated by the Governor to administer the plan throughout the State. The plan defines the covered occupational safety and health issues as defined by the Secretary of Labor in § 1902.2(c)(1) of this chapter under four major codes for general safety, industrial housing, electrical hazards, and occupational health and environmental controls. The plan also includes vertical special industry codes for construction, wood products, petroleum, and fishing. Appendix G of the plan contains a time-table for adoption of the standards beginning with the effective date of the grant approved under section 23(g) of the Act. The timetable requires from 6 to 36 months for completion of the standard-setting process with most of the standards to be adopted within 6 months of the effective date of the grant.

(b)(1) The plan included draft legislation which has been passed by the State legislature and signed by the Governor amending chapter 18 of the Alaska Statutes. Under the legislation, effective July 24, 1973, the Department of Labor has full authority to enforce and administer laws respecting safety and health of employees in all workplaces of the State, including coverage of public employees, with the exceptions of maritime workers in the area of exclusive Federal jurisdiction; employees of the United States; employees protected by State agencies under the Atomic Energy Act of 1954, (42 U.S.C. 2021); and employees whose working conditions are regulated by Federal agencies other than the U.S. Department of Labor under the provisions of section 4(b)(1) of the Occupational Safety and Health Act of 1970. (84 Stat. 1592, 29 U.S.C. 653(b)(1)).

(2) The legislation brings the plan into conformity with the requirements of part 1902 of this chapter in areas such as procedures for granting or denying permanent and temporary variances to standards by the Commissioner; protection of employees from hazards; promulgation of standards by
